

FS70x28.1 Floor Mounted Coat Rail

The FS70x28-1 floor fixed coat rails are made from high quality components.

With chrome finished hangers suspended on individual carriers with the option for numbering & issue tags.

Rail lengths can be manufactured to suit your requirements and achieve target capacity.

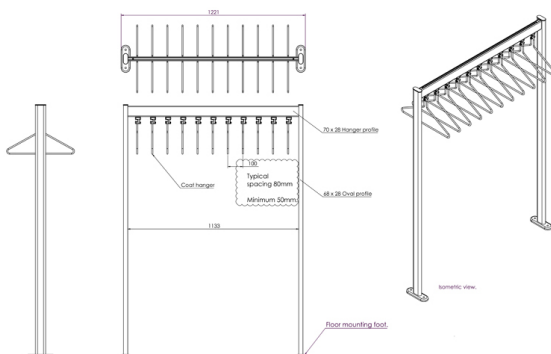

The hangers can also be made captive when if required.

Features:

- rofile: 70mm x 28mm anodised aluminium
- Unsupported lengths up to 2500mm
- Mid support posts for longer rail requirements
- Single rail
- Double rail
- Supplied as standard with Chrome hangers every 80-100mm.
- Numbering and issue tags are available.
- Hook option also available

For longer lengths, additional support posts are required.

Floor fixed:

- Floor fixed foot
- Variable height & length
- Double height hanging rails available
