

WG40S Hook Rail

The WG40S wall mounted rail with its recessed hooks mounted behind the carrier rail, designed to avoid pedestrians getting 'hooked' by protruding hooks.

GUV-tested safety coat rack with GS mark for use in schools and sports facilities. It is designed for high loads, built to last.

Available in a silver anodised finish to the length of your choice.

Hook Options:

1. Alternating 3-fold and 2-fold the hook
2. 3-fold hook
3. 2-fold hook
4. Profile hook
